

Attention Pecan Valley Residents:

Pecan Valley RWD offers a 3rd party payment option for paying your bills online. This includes the following payment types with fee which can be manually provided every month or set up as autopay:

- EFT/bank draft, \$0.89 fee.
- Debit or credit card, \$0.89 + 2.99% fee.

To use this online payment method, you must register your account by going to <https://www.pecanvalleyrwd.com/bill-payment> and click on **Go To Payclix**. You will need your account number and your current account balance to register.

Once you register, you will receive a monthly email providing your current billing in addition to your mailed bill card (unless you choose within Payclix to go paperless). If you have any difficulties getting signed up for online payments, please call or email so we can help get your account set up.

Please note that the Pecan Valley RWD office does not take credit or debit card payments in the office. We are only able to do this, based on your immediate approval, if you have a card already registered within Payclix.

Thank you,

Pecan Valley Rural Water District
